

Meet TOM GRAHAM and his family again . . .

YORK CENTRE AND TOM GRAHAM HAVE GROWN TOGETHER

North York is still the fastest growing community on the North American continent. Since 1948, the population has increased by four times — from 48,000 to over 200,000. This year there are 42,000 school children alone.

In the last Provincial election, 1955, there were 62,000 eligible voters. This time there will be 87,000 eligible voters in York Centre — an increase of 25,000 in four years.
